

SWE VIRTUAL CAREER FAIR FOR PROFESSIONALS

Wednesday, May 3, 2023 | 1-4 pm EDT

EXPAND AND DIVERSIFY YOUR TALENT POOL WITH EASE!

The Society of Women Engineers (SWE) is offering you the chance to recruit highly qualified, diverse women engineers who have **at least three years of post-undergraduate professional experience**.

At the SWE Virtual Career Fair for Professional Engineers, you will have the opportunity to chat directly with the attendees, provide instant feedback on their qualifications, and learn about their job preferences firsthand—all from the comfort of your home or office.

HOW IT WORKS

- Register for the event and receive up to five recruiter "seats" based on your chosen sponsorship level
- Customize your virtual booth with your company's branding and include organizational information and open positions for attendees to view
- View resumes and schedule interviews with appealing candidates prior to the event
- Set up screening questions prior to the event to prioritize candidates based on their responses
- Connect with a multitude of job seekers who enter your booth queue during the event through text (up to five at once), audio, and/or video-based chats
- "Hand off" candidates to fellow representatives/recruiters based on their qualifications
- Rate each interaction and utilize easy follow-up & sharing features with preferred candidates
- Access valuable records, such as all of the candidates' resumes and the chat transcripts of your conversations, after the event

2022 JOB SEEKER BREAKDOWN BASED ON YEARS OF EXPERIENCE

16+ years	17%
11-15 years	13%
6-10 years	25%
3-5 years	46%

WHAT PAST JOB SEEKERS HAD TO SAY:

"The platform is extremely well designed, easy to use and intuitive. One of the best online experiences...I will absolutely recommend this to anyone who is job searching"

"Very clean interface and automated queuing. I might prefer this over an in-person fair."

"I liked the ability to connect with companies and recruiters from the comfort of my home and not have travel expenses."
